## Cardiff Sport and Touring saddle

Cyclists best know Cardiff as that lovely city in Wales that hosts the World Naked Bike Rides. But perhaps it will be known also a name plate of some traditional looking leather saddles and grips. They make both leather and wood grips !

The nose adjustment bolt on the saddles takes a regular Allen wrench rather than a proprietary spanner. Made from the finest cowhide.

### Cardif Cambria

- Stretched genuine Leather with Rivets
- 285mm x 155mm
- Chrome Plated steel Rails
- Tension adjusted via included spanner or a 4mm allen key
- Colour; Black, Brown and White
